GUIDE TO THE RATINGS: **Price:** An approximate retail price. **Overall score:** Based on mosquito and tick repelling effectiveness. The displayed score is out of a total of 100 points. **Active ingredients:** The active ingredients listed on the product's label. **Effectiveness Aedes Mosquitoes (hrs.):** The number of hours that the product lasted before Aedes mosquitoes began to bite. **Effectiveness Culex Mosquitoes (hrs.):** The number of hours that the product lasted before Culex mosquitoes began to bite. **Effectiveness deer ticks (hrs.):** The number of hours that the product lasted before deer tick nymphs crossed onto a treated forearm. **Type:** Either pump or aerosol spray. **Cost per oz. (\$):** Approximate retail price divided by product contents in ounces. **Resists damage to materials:** We test repellents on a few common materials. Those scoring higher are less likely to cause damage. If you are concerned about damage, test first on an inconspicuous spot.
